

RENEGOTIATING NAFTA : PARTNERS FOR A PROSPEROUS ECONOMY

TUESDAY, APRIL 17TH, 7:30 A.M. TO 9:30 A.M.

FOLEY & LARDNER LLP

111 HUNTINGTON AVENUE, BOSTON, MASSACHUSETTS

Join industry leaders, state and provincial policy-makers, and economic development representatives from Quebec and New England for a forum on the importance of NAFTA and the status of its renegotiation between the United States' and Canadian governments.

Celebrating a longstanding trading tradition between our two countries, Mr. Stephane Forget, president and CEO at the Federation of Quebec's Chambers of Commerce, and Mr. Jon Sorenson, president of the New England-Canada Business Council, will lead a discussion on the importance of maintaining open borders for trade, and building on the historical and geographical commercial achievements that define our regions as true partners.

See full agenda, including presenters, below.

More than 70% of Canadian exports go to the American market. Inversely, Canada is the largest export market for more than 30 US states, including nearly 12,000 Quebec companies that carry out business operations daily with their American counterparts. This makes our two countries true business partners with highly integrated supply chains that, far from simply trading goods and services with each other, mutually manufacture and develop solutions that find

markets around the world!
