**The New England-Canada Business Council's 25th Annual
U.S./Canada Energy Trade & Technology Conference**

**November 8-9, 2017
Seaport Hotel | Boston, MA**

The northeast regions of the U.S. and Canada are in the midst of an exciting period of transition as they move towards a cleaner energy future. At the same time, the regions face challenges of higher energy costs and energy reliability concerns.

**NEW ENGLAND-CANADA
BUSINESS COUNCIL**

**Conference
Sponsorships
Available!**

Energy remains a central bond linking the United States and Canada. As this conference celebrates its 25th anniversary, energy trade in this Northeast region remains vital, important, sustaining, and necessary.

**Learn and share ideas on the energy direction of the region at the
NECBC's 25th Annual U.S.-Canada energy conference. Join us on**

**November 8-9, 2017
Seaport Hotel | Boston, MA**

At this year's conference we will note the achievements of the regional energy market over the last two decades. Even more, we will look forward to the great potential for clean energy development, new technologies entering the market, the potential of energy storage, the role of greater efficiency, and the value of traditional fuels that remain significant to the system.

This executive level business forum is the only one of its kind held annually in Boston focusing on all sectors of energy trade and cooperation between the Northeast U.S. and its greatest energy partner, Canada. It brings together more than 250 Canadian and American senior executives, policy makers, regulators and energy experts who will provide their perspectives, share knowledge and explore a wide range of topics – from energy to the environment.

The event is being convened by the New England-Canada Business Council (NECBC), a non-profit organization founded over thirty years ago to promote cooperation, commerce, entrepreneurial networking and a greater awareness of the strategic importance of the New England- Canada relationship.

Be part of this year's forum and benefit from our unique cross-border networking opportunities and a productive Canadian-American dialogue on timely energy issues.
